

## MEMORANDUM

**Date:** October 22, 2008

**To:** The Honorable Members of the Alexandria School Board  
Superintendent Sherman

**From:** The School Health Advisory Board  
Rose Berler, Chairperson

**Subject:** The School Health Advisory Board  
Scope of Work for 2008-2009

---

The School Health Advisory Board has developed the following goals for 2008-2009 academic year:

1. Participate in the Strategic Planning Committee by designating a committee member to represent the School Health Advisory Board in the strategic planning process.
2. In an effort to ensure that all students are healthy and able to achieve academically, seek to gather more information/data about the health status of students in order to recommend targeted interventions to meet student health needs.
3. Expand committee membership to include student representation and more parental involvement.
