

Student Daily Symptom Screener (Updated 8/22/21)

Each school day morning a text with the link to the DSC will be sent to the cell phone numbers listed for the student in PowerSchool at 7:00 a.m.

https://acpsva.qualtrics.com/jfe/form/SV_9LkjDsgJCUPSWrk

The image displays four sequential screens of the ACPS Student Daily Symptom Screener form on a smartphone. The first screen shows the ACPS logo and a login section with a Google ID field and a blue submit button. The second screen provides instructions and asks if the student has a temperature of 100.0F/37.8C or higher, or answers YES to any screening questions. The third screen asks if the student has experienced any of the following symptoms in the past 48 hours: fever/chills, cough, shortness of breath, fatigue, muscle or body aches, headache, new loss of taste or smell, or sore throat. The fourth screen asks if the student is currently waiting on the results of a COVID-19 test. Each screen includes a language dropdown menu set to 'English' and a blue submit button.

Certified students will receive a green checkmark upon submission.

Not Certified students will receive a red "X" and an email will immediately be sent to the principal, assistant principals, and nurse(s) at their school.
