In accordance with the ACPS [Responsible Use Policy](#)

Our family has read the Responsible Use Policy (IIBE), and accepts the responsibilities associated with acceptance and use of Alexandria City Public Schools (ACPS) digital network access, electronic communications and devices.

We agree to have an email account (Grades 2-12) and a device (Chromebook or Tablet) issued to the student named below, and accept responsibility for the care and use of this equipment. We understand and agree to abide by the Responsible Use Policy and Regulations of the Alexandria City Public Schools. We further understand that violations of these regulations will result in loss of digital network access, electronic communications access and/or loss of device privileges and other disciplinary or legal actions. We understand that Alexandria City Public Schools will deploy a content filter to monitor the use of the digital activity, email, and the electronic device, including Internet usage, emails, and downloaded materials. There can be no expectation of privacy in the use of Alexandria City Public Schools' computer resources.

We understand that ACPS has taken precautions to eliminate access to inappropriate material, but that it is impossible for Alexandria City Public Schools to restrict access to all such materials, and cannot be held responsible for potential exposure to such materials. Each user is responsible for his or her actions on the computer system. Upon observation of a user exhibiting unacceptable use, including dangerous or abusive actions that impact the safety and the welfare of students, staff and the educational environment, disciplinary action may be taken in a series of escalating measures. We understand that the parent/guardian will be contacted concerning a violation of this agreement.

We understand that the ACPS provided device is the property of the Division, and must be returned upon withdrawal from school, at the end of the academic year, or at the request of a teacher or administrator.
