

STUDENT EXEMPTION FORM
Middle School Family Life Education
2019-2020 School Year

Alexandria City Public Schools regulations permit a student to opt-out of the Family Life Education curriculum. The Family Life Education (FLE) lessons that will be used at your child's grade level are available to review in the library of your child's school and any of the branches of the Alexandria Public Libraries. Please call the Family Life Education Instructional Specialist, Michael Humphreys, to preview any films (703-619-8047). **To stay in FLE does not require any action on your part.**

Directions: In order to have your child exempted from participation in the Family Life Education lessons being presented in his/her classroom, please complete this form and return it to the principal at your child's school. Your child's physical education teacher will arrange the alternate health education plans for your child in place of the Family Life Education lessons.

Student's Last Name _____ First Name _____

Grade _____ Classroom Teacher's Name _____
