Revised 2/26/2019 Communications Office dnbm
In the case of an emergency, school staff will call 911. Every attempt will be made to contact a parent, legal guardian or emergency contact. Students will be transported to the nearest Emergency Room unless the parent is on the school premises to assume responsibility for the child.

The parent/guardian is responsible for providing the school with any medication, special food, supplies, or equipment that the student requires during the school day. Check with the school nurse or registrar to obtain correct medication and procedural forms. If an individual school health care plan is indicated, the parent/guardian is responsible for providing the school nurse with necessary medical information, appropriate authorization forms and written consent to exchange information with the child’s physician.

I, ____________________________ (do ) (do not ) authorize my child’s health care provider and designated provider of health care in the school setting to discuss my child’s health concerns and/or exchange information pertaining to this form. This authorization will be in place until or unless you withdraw it. You may withdraw your authorization at any time by contacting your child’s school. When information is released from your child’s record, documentation of the disclosure is maintained in your child’s health or scholastic record.
